

Lung Screening Horizon Local 54

Scheduling

Screening Question:

- Do you Have Horizon L54?
 - Yes- Proceed with scheduling whether patient qualifies or not
 - ♣ All the questions must be answered if the patient does NOT qualify for scheduling will proceed with scheduling the patient. A disqualifying answer will autogenerate a task that Melissa will work
 - No-Proceed as normal

CT Workflow

CT will work on the task list for all non-qualifying patients and check the insurance. If patient has HORIZON (Local 54) they will change the order to CT Lung Screening (Local54) 71271L

PARS

- Follow current Lung Screening guidelines and proceed as normal for patients who qualify
- If the patient does NOT qualify and has Horizon (Local 54), make sure the order is changed to CT Lung Screening (Local54) 71271L. Patient is OK to be seen no further action is needed

Technologist

- No change for patients who qualify
- Non-Qualifying patient
 - Before turning any patient away, confirm the patient does NOT have HORIZON (Local 54) Insurance. If the patient does have HORIZON (Local 54) Insurance, be sure the patient order is changed to CT Lung Screening (Local54) 71271L and scan as normal.

Radiologist

- No change for patients who qualify
- For patients who do not qualify, and the patient has HORIZON (Local 54), it is important that follow up manager language be used since studies will not be tracked in LUNG VIEW.
