

Nuclear Medicine Scheduling Times and CPT Codes

NM Biliary Scan 78226 75 min scan (scan room only)

Example: 8:00-9:15 inj/scan

Note: SP- The last appointment should start before 2:00 PM due to the possible 4 hour delay imaging.

Wall, CMCH - The last appointment should start before 12:00 PM due to the possible 4 hour delay imaging.

Vineland – Schedule on Wednesday morning only.

NM Biliary Scan Inj A9537 15 min injection (injection room)

NM Biliary w Ejection Fraction 78227 60 min scan (scan room)

Example: 8:00-8:15 injection Schedule 90 minutes from start of injection. 9:30-10:30 scan

Note: SP- The last appointment should start before 2:00 PM due to the possible 4 hour delay imaging.

Wall, CMCH, Vineland - The last appointment should start before 12:00 PM due to the possible 4 hour delay imaging.

NM Bone Scan Inj A9503 15 min injection (injection room)

NM Bone Scan Limited 78305 30 min scan (scan room)

Example: 8:00-8:15 injection Schedule scan 3 hours from start of injection. 11:00-11:30 scan

NM Bone Scan 3 Phase Inj A9503 30 min scan (scan room)

NM Bone Scan 3 Phase 78315 30 min scan (scan room)

Example: 8:00-8:30 inj/scan Schedule scan 4 hours from start of injection. 12:00-12:30 scan

NM Bone Scan Inj A9503 15 min injection (injection room)

NM Bone SPECT Scan 78803 45 min scan (scan room)

Example: 8:00-8:15 injection Schedule scan 3 hours from start of injection. 11:00-11:45 scan

This SPECT scan is not done at Vineland.

NM Bone Scan Inj A9503 15 min injection (injection room)

NM Bone Scan Total Body 78306 40 min scan (scan room)

Example: 8:00-8:15 injection Schedule scan 3 hours from start of injection. 11:00-11:40 scan

NM Cardiac Amyloidosis Inj A9538 15 min injection (injection room)

NM Cardiac Amyloidosis w SPECT 78803 60 min scan (scan room)

Example: 8:00-8:15 injection Schedule scan 75 minutes from start of injection. 9:15-10:15 scan

This SPECT scan is not done at Vineland.

NM Gated Cardiac Muga Scan Inj A9512 15 min injection (injection room)

NM Gated Cardiac Muga Scan 78472 30 min scan (scan room)
Example: 8:00-8:15 injection Schedule scan 45 minutes from start of injection. 8:45-9:15 scan

Gallium Scan – This is a three day test.

NM Gallium Scan Inj A9556 (Day 1)	15 min injection (injection room)	
NM Gallium Scan 78804 (Day 2)	1 hour scan (scan room)	
NM Gallium Scan (Day 3)	1 hour scan (scan room)	
Example: 8:00-8:15 injection (Day 1)	Schedule scan 24 hours from start of injection.	8:00-9:00 scan (Day 2)
	Schedule scan 48 hours from start of injection.	8:00-9:00 scan (Day 3)

You will need to call Nuclear Medicine to help schedule this exam.

This scan is only done at CMCH.

NM Gastric Empty Scan-Liquid 78264 1.5 hour scan (scan room only)
Example: 8:00-9:30 scan

NM Gastric Empty Scan 4 Hour-Solid 78264 1.5 hour scan (scan room only)
Schedule the delay scan 4.5 hours from start of first scan. 15 minutes (scan room only)
Example: 8:00-10:30 scan Schedule delay scan 4.5 hours from start of first scan. 12:30-12:45 Delay scan

SP, CMCH, Wall – Schedule anywhere RIS allows.

Vineland – This scan can only be scheduled on Wednesday morning starting at 8:30 AM.

NM Liver Hemangioma RBC SPECT Scan Inj A9512	45 min inj/reinjection (injection room)
NM Liver Hemangioma RBC SPECT Scan 78803	45 min scan (scan room)
Example: 8:00-8:45 inj/reinjection	Schedule scan 2.5 hours from start of injection. 10:30-11:15 scan

This SPECT scan is not done at Vineland.

NM Liver SPECT Inj A9541	15 min injection (injection room)	
NM Liver SPECT Scan 78803	45 scan (scan room)	
Example: 8:00-8:15 inj	Schedule scan 45 minutes from start of injection.	8:45-9:30 scan

This SPECT scan is not done at Vineland.

NM Liver Spleen Scan Inj A9541	15 min injection (injection room)
NM Liver Spleen Scan 78215	30 min scan (scan room)
Example: 8:00-8:15	Schedule scan 30 minutes from start of injection.
	8:30-9:00 scan

NM Meckels Scan 78290 90 minute scan (scan room only)
Example: 8:00-9:30 inj/scan

NM Parathyroid Scan Inj A9500	30 min scan (scan room)	
NM Parathyroid Scan 78070	30 min scan (scan room)	
Example: 8:00-8:30 inj/scan	Schedule scan 2.5 hours from start of injection.	10:30-11:00 scan

NM Parathyroid Scan Inj A9500 30 min scan (scan room)
 NM Parathyroid Scan w SPECT 78071 45 min scan (scan room)
 Example: 8:00-8:30 inj/scan Schedule scan 2.5 hours from start of injection. 10:30-11:15 scan
This SPECT scan is not done at Vineland.

NM Renal Scan 78707 60 min scan (scan room only)
 Example: 8:00-9:00 inj/scan

NM Renal Scan w Lasix 78709 60 min scan (scan room only)
 Example: 8:00-9:00 inj/scan

NM Renal Scan w Captopril –This is a two day test. The second scan must be scheduled at least 24 hours after the first scan and in the same week.

NM Renal Scan 78707 (day 1) 60 min scan (scan room only)
 NM Renal Scan 78708 (day 2) 15 min Captopril (injection room) 60 min scan (scan room)
 Example: (day 1) 8:00-9:00 inj/scan
 Example: (day 2) 8:00-8:15 Captopril Schedule scan 75 minutes from start of Captopril. 9:15-10:15 inj/scan

NM Salivary Gland Scan 78231 105 min scan (scan room only)
 Example: 8:00-9:45 inj/scan

NM Thyroid Capsule A9516 15 min capsule (injection room – Day 1)
 NM Thyroid Uptake 78014 45 min scan (scan room Day 1)
 NM Thyroid Uptake Return Scan A9516 15 min uptake (injection room – Day 2)
 Example: 8:00-8:15 capsule Schedule 6 hours from start of capsule. 2:00-2:45 scan (day 1).
 Schedule uptake 24 hours from start of capsule. 8:00-8:15 uptake (day 2).

NM Tc99m Thyroid Scan Inj A9512 15 min injection (injection room)
 NM Tc99m Thyroid Scan 78013 30 min scan (scan room)
 Example: 8:00-8:15 injection Schedule scan 30 minutes from start of injection. 8:30-9:00 scan
