

# OP Self-Pay Quoting Guidelines for Single and Bulk Studies

How single, and bulk (multiple) studies should be quoted for self-pay patients.

## ☑ WHY THIS MATTERS

When quoting bulk exams, it's important we:

- Ensure **accurate pricing**
- Set **clear expectations for patients upfront**
- Maintain **consistency across all schedulers**

Combined exams (ex: CT Abdomen & Pelvis) are **not a single charge** — they represent **multiple billable body parts**.

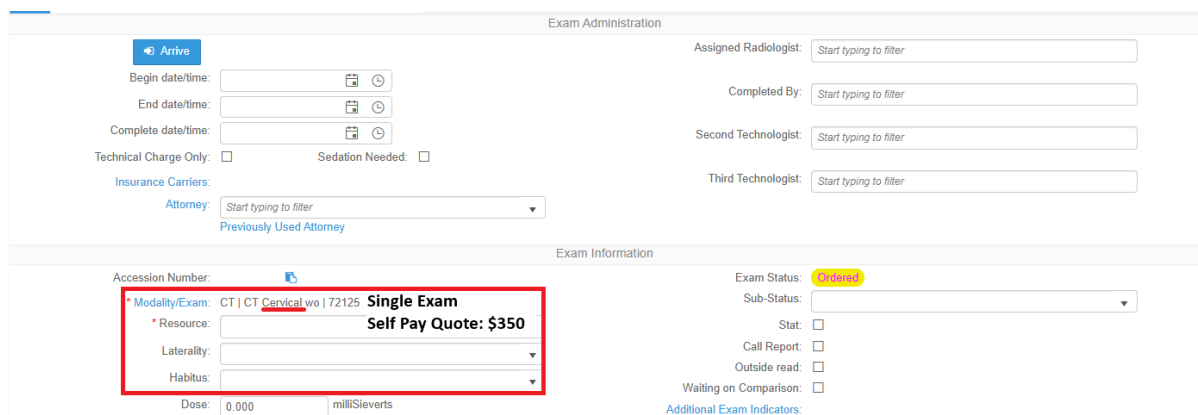

## ☑ HOW TO QUOTE CT EXAMS

### Standard Rule

- Use the **applicable CT single exam rate**
- **Multiply by the number of body parts**

### Example 1 – CT Single Exam

- CT Cervical = **\$350**
- ☑ Quote: **\$350 (single exam)**

The screenshot displays the 'Exam Administration' and 'Exam Information' sections of a software interface. In the 'Exam Information' section, a red box highlights the following details:

- Modality/Exam: CT | CT Cervical wo | 72125 **Single Exam**
- Resource: **Self Pay Quote: \$350**
- Laterality: [Dropdown]
- Habitus: [Dropdown]
- Dose: 0.000 mSv

Other visible fields include:

- Assigned Radiologist: [Start typing to filter]
- Completed By: [Start typing to filter]
- Second Technologist: [Start typing to filter]
- Third Technologist: [Start typing to filter]
- Insurance Carriers: [Dropdown]
- Attorney: [Start typing to filter]
- Previously Used Attorney: [Dropdown]
- Exam Status: **Ordered**
- Sub-Status: [Dropdown]
- Stat:
- Call Report:
- Outside read:
- Waiting on Comparison:
- Additional Exam Indicators: [Link]

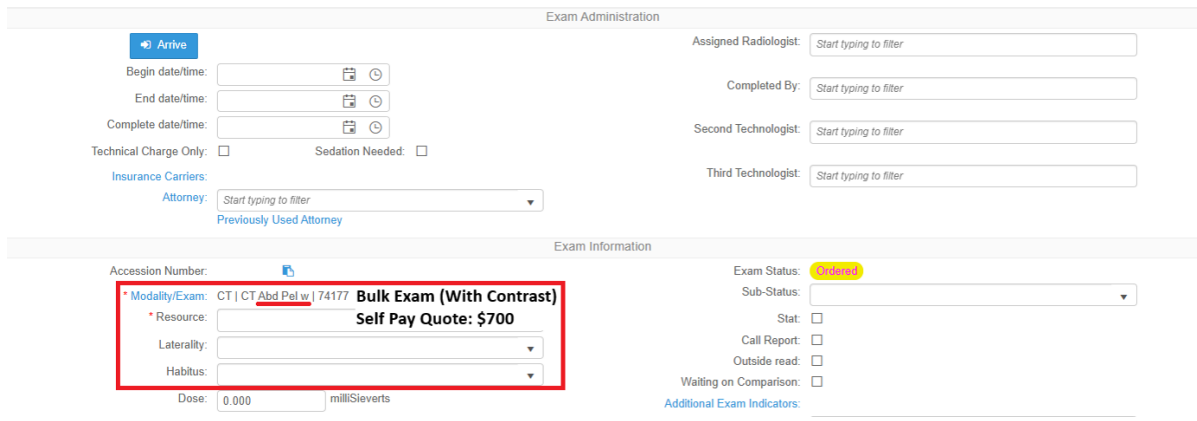

## Example 2 – CT Bulk Exam (Abdomen & Pelvis)

- CT Abdomen = \$350
- CT Pelvis = \$350

✓ Calculation:

**\$350 × 2 body parts = \$700 total**

✓ Quote: **\$700**

The screenshot shows a software interface for exam administration. The 'Exam Information' section is highlighted with a red box, showing the following details:

- Accession Number: [icon]
- Modality/Exam: CT | CT Abd Pel w | 74177 **Bulk Exam (With Contrast)**
- Resource: [input field] **Self Pay Quote: \$700**
- Laterality: [dropdown menu]
- Habitus: [dropdown menu]
- Dose: 0.000 millSieverts

The 'Exam Administration' section includes fields for Assigned Radiologist, Completed By, Second Technologist, and Third Technologist, all with 'Start typing to filter' prompts. There are also checkboxes for 'Technical Charge Only' and 'Sedation Needed', and a dropdown for 'Insurance Carriers'.

## Important Note for CT Abdomen & Pelvis

There are **dedicated CT Abdomen/Pelvis rates** listed on the self-pay pricing sheet:

- CT Abdomen/Pelvis with contrast = \$700
- CT Abdomen/Pelvis without contrast = \$550

➔ These already reflect the combined study pricing, but conceptually should still be understood as:

- **Two body parts being billed together**

## ✓ HOW TO QUOTE MRI EXAMS

### Standard Rule

- Use the **MRI self-pay rate per body part**
- **Multiply by number of exams**

From pricing sheet:

- MRI with & without contrast (per body part) = \$995
- MRI with contrast (per body part) = \$650
- MRI without contrast (per body part) = \$500

### Example 3 – MRI Single Exam

- MRI Hip = \$650

✔ Quote: **\$650 (single exam)**

Exam Administration	
Begin date/time:	Assigned Radiologist: <input type="text" value="Start typing to filter"/>
End date/time:	Completed By: <input type="text" value="Start typing to filter"/>

## KEY TAKEAWAYS

- Bulk exams = **multiple billable body parts**
  - Always:
    - Identify **number of body parts/exams**
    - Use the **correct single exam self-pay rate**
    - **Multiply accordingly**
  - CT Abdomen/Pelvis:
    - May appear as one order
    - Still represents **two charges/components**
  - MRI:
    - Always calculated **per body part**
- 

## WHEN UNSURE

If you are unsure how to quote a study:

- Check the **self-pay pricing sheet**
  - Reference the **single exam rate**
  - Or reach out to:
    - Immediate Supervisor
    - Billing
-
